Many people talked about teaching Chemistry, Sean Chua lives it. He is a passionate Chemistry Coach based in Singapore and one of the most dynamic, powerful and humorous speakers in Asia. He has empowered hundreds and hundreds of students to experience Chemistry learning with a difference, and unlock the secrets to achieve the grades they truly deserve.

His 12 years of coaching experience has equipped him to understand the true reasons why students are not able to perform well in Chemistry, and has allowed him to structure his teaching methodology producing many outstanding students who have achieved marvelous ‘O’ Level Chemistry results under his wings of patient guidance and coaching.

His chemistry coaching methodology emphasizes on the vital 4 ‘A’s and has a 100% proven track record to help students to improve their chemistry grades:

- Associations with Everyday Life
- Applications in Real Life & Industrial Examples
- Analogies for abstract Chemistry Theories
- Accelerated Learning Techniques™

Sean is able to communicate experiences, real life Chemistry observations, apt analogies - simplifying the Chemistry Concepts for students to grasp and remember in an easier manner. He also has several years of experience as a Key Account Manager and Research Chemist for the fast-growing Research Chemical Industry. Through his extensive experiences in the Chemical Research arena, he is constantly talking to top scientists and researchers in Singapore Biomedical Industry. These updated research and market trends are always the highlights when students asked about how each Chemistry topics relate to real life situation in Singapore.

He lives by his personal belief throughout all these years of coaching - that is to unleash the child's potential and to have a holistic view in Chemistry.

“Experience Learning with A Difference”
